Report on review of Condensed Interim Financial Information

To the shareholder of United Company for Financial Services
(A Saudi Closed Joint Stock Company)

Introduction

We have reviewed the accompanying condensed interim statement of financial position of United Company for Financial Services as at 30 June 2025 and the related condensed interim statement of profit or loss and other comprehensive income for the three-month and six-month periods then ended and the condensed interim statements of changes in equity and cash flows for the six-month period ended 30 June 2025 and other explanatory notes. Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting" (IAS 34), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

The accompanying notes are an integral part of this condensed interim financial information.

UNITED COMPANY FOR FINANCIAL SERVICES
(A Saudi Closed Joint Stock Company)
Notes to the condensed interim financial information
For the three-month and six-month periods ended 30 June 2025 (Unaudited)
 (All amounts in Saudi Riyals unless otherwise stated)

1 Legal status and activities

United Company for Financial Services (the “Company”) is a Saudi Closed Joint Stock Company, registered in the Kingdom of Saudi Arabia under the Commercial Registration (“CR”) number 2051224103 issued in Al-Khobar on 15 Jumada Al Awwal 1440 H (21 January 2019). The registered address of the Company is P.O. Box 76688, Al Khobar 31952, Kingdom of Saudi Arabia.

The Company is a subsidiary of United International Holding Company (“UIHC”), a Saudi Joint Stock Company registered in the Kingdom of Saudi Arabia which is controlled by United Electronics Company (“UEC”), a Saudi Joint Stock Company incorporated in the Kingdom of Saudi Arabia, which is also the Company’s ultimate controlling party and is principally engaged in the retail and wholesale of electric appliances and electronic gadgets etc.

The principal business activities of the Company include various types of Islamic consumer finance services under license number 201905/Ash/52 and 42075295, obtained from Saudi Central Bank (“SAMA”) issued on 26 Shaban 1440 H (1 May 2019) and 8 Shawwal 1442 H (20 May 2021) respectively. The Company offers Murabaha (product finance), Tawarruq (personal finance) and credit card finance services to individual customers in the Kingdom of Saudi Arabia. Such financing arrangements are unsecured and the profit rates for Murabaha, Tawarruq and credit card financing services are agreed at the inception of the contract with the customers. Collections are thereafter made in the form of monthly installments generally received from the customers through variable channels such as regular and virtual bank transfers and SADAD. The Company’s investment in Islamic financing contracts comprises individually immaterial balances due from a large customer base and accordingly, the Company does not have any significant concentration of credit risk. Murabaha financing arrangements are principally entered into with the customers of UEC but also include transactions with other retailers.

During the three-month and six-month periods ended 30 June 2025, there were no significant changes in the terms of the financing arrangements offered by the Company such as profit rates, tenures of the financing contracts, criterion for finance amounts disbursed etc. In accordance with the approved business plan, the Murabaha Portfolio has continued to downsize whereas steady growth has been witnessed in the Islamic credit cards product offerings and Tawarruq portfolio, consistent with the previous year. Also see Note 15.

2 Basis of preparation

This condensed interim financial information of the Company as of 30 June 2025 and for the three-month and six-month periods then ended has been prepared in compliance with IAS 34 “Interim Financial Reporting” (“IAS 34”), as endorsed in the Kingdom of Saudi Arabia, and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (“SOCPA”).

This condensed interim financial information do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company’s annual financial statements for the year ended 31 December 2024 (“Last Annual Financial Statements”). However, changes in accounting policies, if any and selected explanatory notes are included to explain events and transactions that are significant for understanding the changes in the Company’s financial position and performance since the Last Annual Financial Statements.

An interim period is considered as an integral part of the whole fiscal year. However, the results of operations for the interim periods may not be a fair indication of the results of the full year operations.

2.1 New standards and amendment to standards and interpretations

The material accounting policies applied in the preparation of condensed interim financial information of the Company are consistent with those of the previous financial year and corresponding interim reporting period.

UNITED COMPANY FOR FINANCIAL SERVICES
(A Saudi Closed Joint Stock Company)
Notes to the condensed interim financial information
For the three-month and six-month periods ended 30 June 2025 (Unaudited)
(All amounts in Saudi Riyals unless otherwise stated)

2 Basis of preparation (continued)

2.1 New standards and amendment to standards and interpretations (continued)

There were no new standards or amendments to standards and interpretations that become applicable for the current reporting period, except for the amendment to IAS 21 'The Effects of Changes in Foreign Exchange Rates'. This amendment is applicable when an entity has a transaction or an operation in a foreign currency that is not exchangeable into another currency at a measurement date for a specified purpose. The Company did not have to change its accounting policies or make retrospective adjustments as a result of adopting this amendment.

2.2 Standards issued but not yet effective

Certain new accounting standards, amendments to accounting standards and interpretations have been published that are not mandatory for 1 January 2025 reporting periods and have not been early adopted by the Company. Management is in the process of assessing the impact of such new standards and interpretations on its financial statements.

2.3 Critical accounting estimates and judgements

The preparation of condensed interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The Company makes estimates and judgements concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. There are no significant changes in critical accounting estimates and judgements used by management in the preparation of the condensed interim financial information from those that were applied and disclosed in the annual financial statements for the year ended 31 December 2024. Also see Note 5 and Note 15.

At 31 December	14,387,459	9,115,750	31,951,847	200,770	249,187	2,278,008	4,577,868	2,947,380	6,874,173	19,166,097	12,312,317	41,104,028

Following factors contributed to the change in the ECL allowance during the three-month and six-month periods ended 30 June 2025:

- Transfers between Stage 1, 2 and 3, due to balances experiencing significant increases (or decreases on account of impact of enhanced collection strategies and efforts) in credit risk or becoming credit-impaired in the period, and the consequent "step up" (or "step down") between 12-month and lifetime ECL.
- Additional allowances for new financial assets recognised during the period;
- Financial assets written off; and
- 'Other changes' in Stage 3 principally represent net impact of additional allowance for ECL recognized upon write-offs.

(All amounts in Saudi Riyals unless otherwise stated)

8 Borrowings (continued)

8.2 The maturities of the principal portion of the Company's borrowings are as follows:

	30 June	31 December
	2025	2024
	(Unaudited)	(Audited)
Less than 6 months	217,625,000	209,196,875
Between 6 to 12 months	265,500,000	209,196,875
Between 1 and 2 years	428,000,000	368,393,750
Between 2 and 5 years	570,770,833	480,662,500
Above 5 years	16,250,000	-
	<u>1,498,145,833</u>	<u>1,267,450,000</u>

Maturity profile of borrowings, including finance cost component, is disclosed in Note 15.

8.3 The Company has obtained borrowings under Islamic financing arrangements with commercial banks in the Kingdom of Saudi Arabia. All loan facilities above are denominated in Saudi Riyals and bear financial charges based on Saudi Arabian Interbank Offered Rate ("SAIBOR") plus certain margins. The Company's borrowings are carried at amortised cost and are periodically contractually repriced after every three months, in line with the terms of the borrowing arrangements.

The facility-wise breakdown of the outstanding loan balance is as follows:

	Note	30 June	31 December
		2025	2024
		(Unaudited)	(Audited)
Long-term borrowings			
Murabaha I	8.3.1	658,000,000	350,000,000
Murabaha II	8.3.2	164,000,000	234,575,000
Murabaha III	8.3.3	460,937,500	487,250,000
Murabaha IV	8.3.4	190,208,333	195,625,000
Murabaha V	8.3.5	25,000,000	-
		<u>1,498,145,833</u>	<u>1,267,450,000</u>
Accrued finance costs		<u>12,202,896</u>	<u>8,219,092</u>
		<u>1,510,348,729</u>	<u>1,275,669,092</u>

The financial charges incurred during the period increased on account of increase in the amount of borrowings. Certain credit facility agreements contain financial covenants requiring maintenance of certain financial ratios and other matters, of which the Company was in compliance with at 30 June 2025.

Details of the type of borrowings facilities availed by the Company are as follows:

Long-term borrowings:

8.3.1 Murabaha I

Total amount available to the Company under such facility is Saudi Riyals 925.0 million. Each tranche of facility utilization is repayable in 16 quarterly installments commencing 6 months after receipt of the borrowed amount. As at 30 June 2025, the Company has an outstanding loan balance of Saudi Riyals 658.0 million against this facility (31 December 2024: Saudi Riyals 350.0 million).

UNITED COMPANY FOR FINANCIAL SERVICES
(A Saudi Closed Joint Stock Company)
Notes to the condensed interim financial information
For the three-month and six-month periods ended 30 June 2025 (Unaudited)
 (All amounts in Saudi Riyals unless otherwise stated)

8 Borrowings (continued)

8.3.1 Murabaha I (continued)

Under the terms of this borrowing facility, the Company is required to maintain a minimum ratio of 1.2 to 1 of earnings before interest, tax, depreciation and amortization (“EBITDA”) to Debt Service. As at 30 June 2025, the ratio of EBITDA to debt service was 4.1 (31 December 2024: 4.2), in compliance with the requirements of the minimum ratio as set out in such facility agreement. The Company is also required to monitor the aggregate amount of financing offered by the Company in line with the regulatory requirements of SAMA, which requires companies engaged in financing other than real estate, not to exceed aggregate financing to capital ratio of three times, which is calculated by dividing net investment in Islamic financing contracts by total equity. As at 30 June 2025, such ratio of investment in Islamic financing contracts to net equity was 2.3 (31 December 2024: 2.2), in compliance with the requirements of SAMA.

8.3.2 Murabaha II

Total amount available to the Company under such facility is Saudi Riyals 800.0 million. Each tranche of facility utilization is repayable in 20 quarterly installments commencing 3 months after receipt of the borrowed amount. As at 30 June 2025, the Company has an outstanding loan balance of Saudi Riyals 164.0 million against this facility (31 December 2024: Saudi Riyals 234.6 million).

Under the terms of this borrowing facility, the Company is required to maintain a minimum current ratio of 1.05. As at 30 June 2025, the current ratio was 2.5 (31 December 2024: 2.4), in compliance with the requirements of the minimum ratio as set out in such facility agreement.

8.3.3 Murabaha III

Total amount available to the Company under such facility is Saudi Riyals 500.0 million. Each tranche of facility utilization is repayable in 20 quarterly installments commencing 3 months after receipt of the borrowed amount. As at 30 June 2025, the Company has an outstanding loan balance of Saudi Riyals 460.0 million against this facility (31 December 2024: Saudi Riyals 487.3 million).

Under the terms of this borrowing facility, the Company is required to maintain a minimum current ratio of 1.1. As at 30 June 2025, the current ratio was 2.5 (31 December 2024: 2.4), in compliance with the requirements of the minimum ratio as set out in such facility agreement. The Company is also required to maintain a minimum net equity balance of Saudi Riyals 480.0 million. As at 30 June 2025, the net equity for the Company was Saudi Riyals 1,183.0 million (31 December 2024: Saudi Riyals 1,110.0 million), in compliance with the requirements of the minimum balance as set out in such facility agreement.

8.3.4 Murabaha IV

Total amount available to the Company under such facility is Saudi Riyals 200.0 million. Each tranche of facility utilization is repayable in 48 monthly installments commencing one month after receipt of the borrowed amount. As at 30 June 2025, the Company has an outstanding loan balance of Saudi Riyals 190.0 million against this facility (31 December 2024: Saudi Riyals 195.6 million).

Under the terms of this borrowing facility, the Company is required to comply with the following financial covenants, of which the Company was in compliance with as at 30 June 2025:

- the Company’s borrowings to total equity ratio is required to not exceed the ratio of 3 to 1. As at 30 June 2025, the ratio of borrowings to total equity was 1.3 to 1 (31 December 2024: 1.2 to 1);
- the Company’s borrowings to not exceed 80% of net investment in Islamic financing contracts for both stage 1 and stage 2. As at 30 June 2025, such ratio of borrowings to Islamic financing contracts for both stage 1 and stage 2 was 59.8% (31 December 2024: 56.6%);
- The Company’s non-performing (stage 3) balance of net investment in Islamic financing contracts to not exceed 10% of the net investment in Islamic financing contracts. As at 30 June 2025, the ratio of non-performing balance to Islamic financing contracts was 7.4% (31 December 2024: 6.4%); and

9.3 Key management compensation

Key management personnel include Chief Executive Officer and other department heads.

As at the period ended 30 June 2025, advances to employees includes outstanding loans and advances to key management personnel amounting to Saudi Riyals 0.1 million (31 December 2024: Saudi Riyals 0.1 million). Refer Note 4.

10 Share capital and statutory reserve

The share capital of the Company as of 30 June 2025 and 31 December 2024 comprised 35,000,000 shares stated at Saudi Riyals 10 per share, wholly owned by UIHC.

In accordance with the Company's By-laws and the Regulations for Companies in the Kingdom of Saudi Arabia, applicable until January 2023, the Company was required to transfer 10% of the net profit for the period to a statutory reserve until such reserve equals 30% of share capital. However, with the introduction of new Regulations for Companies in the Kingdom of Saudi Arabia, the requirement to maintain statutory reserve is no longer applicable.

During the period ended 30 June 2025, the shareholder of the Company, in an extraordinary general meeting, held on 9 January 2025, resolved to amend the By-laws of the Company in accordance with the new Regulations for Companies. The legal formalities for amendments to the By-laws are in progress as of the date of approval of this condensed interim financial information and hence, during the period-ended 30 June 2025, the Company has continued to transfer 10% of the net profit to the statutory reserve to ensure compliance with the current form of the Company's By-laws.

For the three-month and six-month periods ended 30 June 2025 (Unaudited)
 (All amounts in Saudi Riyals unless otherwise stated)

14 Fair values of financial assets and financial liabilities

As at 30 June 2025 and 31 December 2024, all financial assets and financial liabilities of the Company are categorized as held at amortized cost. Management believes that the fair values of the Company's financial assets and liabilities as at 30 June 2025 and 31 December 2024 are not materially different from their carrying values since the financial instruments are short term in nature, carry profit rates which are based on prevailing market profit rates and are expected to be realized at their current carrying values within twelve months from the date of the statement of financial position. The fair values of the non-current financial instruments are estimated to approximate their carrying values as these carry profit rates which are based on prevailing market profit rates. During the three-month and six-month periods ended 30 June 2025, there have been no significant market developments which might indicate towards a potential change in fair value of the Company's financial instruments.

15 Financial risk management

The Company's activities expose it to a variety of financial risks: credit risk, profit rate risk and liquidity risk. The Company's overall risk management program, which is carried out by senior management under policies reviewed by the Risk and Credit Management Committee and approved by the Board of Directors, focuses on having cost effective funding as well as managing financial risks to minimize earning volatility and provide maximum return to the shareholders.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Risk and Credit Management Committee and the Board of Directors are responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The risks faced by the Company and their respective mitigating strategies are summarized below:

15.1 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation and cause a financial loss to the Company. The maximum exposure to credit risk is equal to the carrying amount of financial assets. As at 30 June 2025, the Company has maintained an ECL allowance of Saudi Riyals 99.2 million (31 December 2024: Saudi Riyals 72.6 million), which is considered adequate to provide for any losses which may be sustained on realization of financial assets.

The management analyses credit risk into the following categories:

15.1.1 Investment in Islamic financing contracts

Investment in Tawarruq, Murabaha and credit card finance contracts is generally exposed to significant credit risk. Therefore, the Company has established procedures to manage credit exposure including evaluation of customers' credit worthiness, formal credit approvals and assigning credit limits.

The overall decision to lend to a particular customer is based on the following key parameters:

- Dual credit score i.e. SIMAH and internal application scoring system;
- Minimum income level and maximum debt burden of the borrower; and
- Loan repayment history with other financial institutions sourced from SIMAH.

UNITED COMPANY FOR FINANCIAL SERVICES
(A Saudi Closed Joint Stock Company)
Notes to the condensed interim financial information
For the three-month and six-month periods ended 30 June 2025 (Unaudited)
(All amounts in Saudi Riyals unless otherwise stated)

15 Financial risk management (continued)

15.1.1 Investment in Islamic financing contracts (continued)

The Company does not have any significant concentration of credit risk since it enters into Islamic Financing Contracts with individual customers only. At the inception of the contract, internal credit risk ratings are allocated to each exposure. These credit risk grades are defined using a variety of qualitative and quantitative factors including income levels, employment segment, nationality etc.

A significant number of customers are Government sector employees. The Company generally receives repayments through variable channels such as regular and virtual bank transfers and SADAD. The Company has approved collection policies and procedures establishing a collection strategy to follow up with the delinquent customers. In order to monitor exposure to credit risk, reports are reviewed by the Risk and Credit Management Committee and the Board of Directors on a quarterly basis. Furthermore, the Company has also strengthened its legal department in order to be actively involved in the collection process of delinquent customers. An allowance for ECL is maintained at a level which, in the judgment of management, is adequate to provide for potential losses that can be reasonably anticipated.

The following tables sets out information about the credit quality of investment in Islamic financing contracts:

- a. *Stage-wise analysis of gross investment in Islamic financing contracts, in comparison with internal credit risk rating assigned at the inception of the respective contracts. The amounts in the table represent gross investment in Islamic financing contracts.*

	Performing (Stage 1)	Under -performing (Stage 2)	Non- performing (Stage 3)	Total
30 June 2025 (Unaudited)				
<i>Internal credit risk ratings</i>				
Low risk	1,262,662,995	25,309,109	69,983,281	1,357,955,385
Medium risk	1,108,921,224	44,034,825	116,393,140	1,269,349,189
High risk	1,109,966,291	60,143,214	142,888,094	1,312,997,599
	3,481,550,510	129,487,148	329,264,515	3,940,302,173
31 December 2024 (Audited)				
<i>Internal credit risk ratings</i>				
Low risk	1,147,540,307	22,553,430	50,738,771	1,220,832,508
Medium risk	995,000,277	35,240,678	84,700,738	1,114,941,693
High risk	993,157,733	45,740,598	121,569,271	1,160,467,602
	3,135,698,317	103,534,706	257,008,780	3,496,241,803

Subsequent to initial recognition, the Company monitors the credit quality of its exposures based on staging criteria and past due ageing of the exposures.

15 Financial risk management (continued)

15.1.2 Measurement of ECL

The Company applies three-stage model for impairment of Investment in Islamic financing contracts, in line with the requirements of IFRS 9 'Financial Instruments', based on changes in credit quality since initial recognition. The assessment of credit risk in the net investment in Islamic financing receivables requires further estimations of credit risk using ECL which is derived by Probability of default ("PD"), Exposure at Default ("EAD") and Loss Given Default ("LGD").

The Company measures an ECL at a contract level considering the EAD, PD, LGD and discount rates. PD estimates are estimates at a certain date, based on the term structures as provided below. For LGD estimates, the Company uses present value of recoveries for loss accounts adjusted by the forward-looking information. EAD represents the exposure in the event of a default. The Company derives the EAD from the current exposure to the counterparty and potential changes to the current amount allowed under the contract i.e. contractual repayments. Such financing contracts are not collateralised. For discounting, the Company has used each contract's effective profit rate.

PD has been calculated as a probability that an exposure will move to more than 90 days past due in the next 12 months or over the remaining lifetime of the obligation. 'Through-the-Cycle' estimates were calculated based on collection and default trends. Such "Through-the-Cycle" PD rates are later converted to 'Point-in-time' PD rates by incorporating the forward-looking information using the Vasicek framework.

LGD inputs have been calculated using the 'Through-the-Cycle' estimates based on historical collection and default trends of Murabaha, Tawarruq and credit cards portfolios, which are later converted to 'Point-in-time' LGD rates using the Jacob-Frye methodology.

The Company measures the ECL as either a probability-weighted 12-month ECL (Stage 1) or a probability-weighted lifetime ECL (Stage 2 and 3). These probability weighted ECLs are determined by running each scenario through the relevant ECL model and multiplying it by the appropriate scenario weightings of 15%, 70% and 15% for "upturn", "baseline" and "downturn" scenarios respectively which are computed through statistical methodologies.

As at 30 June 2025, the Exports of Goods and Services (% change per annum), Crude petroleum (% change per annum) and Foreign-exchange reserves (% change per annum) incorporated in the upturn, baseline and downturn scenarios were as follows:

	Upturn	Baseline	Downturn
Exports of Goods and Services (% change per annum)	11.9%	2.7%	(6.5%)
Crude petroleum (% change per annum)	55.7%	48.8%	41.8%
Foreign-exchange reserves (% change per annum)	0.019%	0.001%	(0.016%)

During the three-month and six-month periods ended 30 June 2025, there have been no significant changes to the underlying methodology, assumptions and judgements used for determination of ECL from those that were used for the purpose of determining the ECL allowance as of 31 December 2024, including the weight assigned to each scenario i.e. upturn, baseline and downturn scenarios.

The Company's management believes that adequate ECL allowance has been made, where required to address the credit risk.

15 Financial risk management (continued)

15.1.2 Measurement of ECL (continued)

a) Sensitivity analysis:

The table below illustrates the sensitivity of ECL to key factors, with all other variables held constant, noting that the macroeconomic factors present dynamic relationships between them:

**Impact on condensed
interim statement of profit
or loss and other
comprehensive income for
the six-month period ended
30 June 2025**
(in millions)

Key assumptions

Macroeconomic factors (Exports of Goods and Services, Crude petroleum and Foreign-exchange reserves)

Increase by 10%	1.8
Decrease by 10%	(2.8)

PD and LGD

Increase by 10%	(14.4)
Decrease by 10%	12.2

Scenario weightings

100% weightage assigned to base scenarios	1.7
100% weightage assigned to downside scenarios	(31.8)

15.1.3 Cash and cash equivalents and other receivables

The Company uses “lower credit risk” practical expedient for the cash and cash equivalents with the assumption that the credit risk on such financial instruments has not increased significantly since initial recognition, and therefore the ECL is estimated at an amount equal to the expected credit losses for a period of 12 months. Cash and cash equivalents are placed with banks having minimum credit ratings of A3 or better, and therefore are not subject to significant credit risk. The stated rating is as per the global bank ratings by Moody’s Investors Service. Management does not expect any losses from non-performance by these counterparties. At 30 June 2025 and 31 December 2024, the ECL allowance on cash at bank was immaterial.

Other financial assets at amortised cost include other receivables. These instruments are considered to carry lower credit risk since they have a low risk of default and the issuers have a strong capacity to meet their contractual cash flow obligations in the near term. At 30 June 2025 and 31 December 2024, the ECL allowance on other financial assets was immaterial.

15.2 Profit rate risk

Profit rate risk is the uncertainty of future earnings and expenses resulting from fluctuations in profit rates. The risk arises when there is a mismatch in the assets and liabilities which are subject to profit rate adjustment within a specified period. The most important source of such risk is the Company’s Islamic financing activities and long-term borrowings. As at the statement of financial position date, the Company has profit bearing financial assets of Saudi Riyals 2,726.0 million (31 December 2024: Saudi Riyals 2,407.1 million).

UNITED COMPANY FOR FINANCIAL SERVICES
(A Saudi Closed Joint Stock Company)
Notes to the condensed interim financial information
For the three-month and six-month periods ended 30 June 2025 (Unaudited)
 (All amounts in Saudi Riyals unless otherwise stated)

15 Financial risk management (continued)

15.2 Profit rate risk (continued)

Further, the Company also has variable profit bearing financial liabilities of Saudi Riyals 1,510.0 million (31 December 2024: Saudi Riyals 1,275.7 million) and had the profit rate varied by 1% with all the other variables held constant, total comprehensive income /loss for the period would have been approximately Saudi Riyals 28.9 million (31 December 2024: Saudi Riyals 25.6 million) higher / lower, as a result of lower / higher finance cost on variable rate borrowings.

The Company's financial assets and liabilities are not significantly exposed to other elements of market risk including fair value risk, price risk and currency risk.

15.3 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Typically, the Company ensures that it has sufficient cash on demand to meet expected operational expenses including the servicing of financial obligations. Total unused credit facilities available to the Company as at 30 June 2025 were approximately Saudi Riyals 1,076.9 million (31 December 2024: Saudi Riyals 737.6 million).

Cash flow forecasting is performed by the management which monitors rolling forecasts of the Company's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits on any of its borrowing facilities. Such cash flow forecasts consider, among other items, that the Company has pre-agreed fixed profit rates from its customers under Murabaha and Tawarruq financing contracts, whereas, its borrowings from commercial banks are based on SAIBOR based variable finance costs. The maturity profile of financial assets and financial liabilities are set out in the table below which demonstrates a significant head room of financial assets over financial liabilities. Management also believes that any change in the variable finance costs of their borrowings would not result in the entity facing any liquidity issues. The cash flows of the Company, during the three-month and six-month periods ended 30 June 2025, have been principally consistent with the underlying budgeted forecasts and there are no developments which might indicate towards any potential liquidity concerns in the near future.

The tables below summarises the Company's financial assets and financial liabilities into the relevant maturity groupings based on the remaining contractual maturity period at the reporting date. The amounts disclosed in the tables are the contractual undiscounted cash flows. Balances due within one year equal their carrying balances, as the impact of discounting is not significant.

16 Restatements

For all years up to 31 December 2023 and interim periods upto 30 September 2024, the Company opted to present its expenses 'by function' in the statement of profit or loss and other comprehensive income as permitted under International Financial Reporting Standards, as endorsed in the Kingdom of Saudi Arabia. During the year ended 31 December 2024, management had re-evaluated the classification of expenses in the statement of profit or loss and other comprehensive income and had changed the presentation to present its expenses 'by nature' instead of 'by function'. As a result, the financial line items for the condensed interim financial information of the prior period is being aligned by management with the financial statements for the year ended 31 December 2024 and the relevant line items in the condensed interim statement of profit or loss and other comprehensive income are being restated to ensure alignment with the requirements of International Financial Reporting Standards, as endorsed in the Kingdom of Saudi Arabia.

The presentation of expenses 'by nature' provides information that is reliable and more relevant than presentation of expenses by function considering the nature of the industry in which the Company operates. In accordance with IAS 8 'Accounting policies, accounting estimates and errors' ("IAS 8"), the change has been made retrospectively, and comparatives have been restated accordingly.

The effect of this restatement on the condensed interim statement of profit or loss and other comprehensive income, for the three-month and six-month periods ended 30 June 2024, is summarized below:

	Amount previously reported	Restatement	Restated amounts
For the three-month period ended 30 June 2024

	<u>(77,207,117)</u>	<u>-</u>	<u>(77,207,117)</u>

The above change has had no impact on the Company's condensed interim statements of changes in equity and cash flows, profit for the period or the basic and diluted earnings per share for the three-month and six-month periods ended 30 June 2024 and 30 June 2023.

17 Contingencies

At 30 June 2025, the Company was contingently liable for a letter of credit issued in the normal course of business amounting to Saudi Riyals 112.5 million (31 December 2024: Nil).

18 Dividends

During the three-month and six-month period ended 30 June 2025, the Company's shareholder, in the extraordinary general meeting held on 26 June 2025, approved the distribution of cash dividends of Saudi Riyals 1.43 per share, aggregating to Saudi Riyals 50.0 million, which were paid during the same period.

19 Date of approval of condensed interim financial information

The accompanying condensed interim financial information was approved by the Company's Board of Directors on 24 July 2025.
